

Account History: Exporting Your Account Data

The Online Banking system allows you to export your account history in a variety of formats including Quicken, Quickbooks, and Excel.

This can be done quickly and easily from the "History" page for any account by following the steps below.

Here's what you do:

- 1 Click "Display" at the top of the History window
- 2 Select "Export to File" on the drop-down menu
- 3 Select the desired format from the drop-down list
- 4 Click "Submit"
- 5 Choose a download location on your computer and click save.
